Our vision is to create a community of lifelong learners who are connected, confident, Indian global citizens and who go on to become informed leaders of the future.

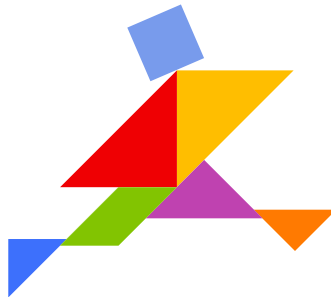

KIIT World School

I AM A **PROMISE**, I AM A **POSSIBILITY**

A child's unique talent and abilities
carry the promise of tomorrow.

In every way, every day, we strive to
take these **possibilities to reality**
to fulfil the rich potential of every child.

OUR PHILOSOPHY

Our innovative methodologies and curricular approaches, aligned with the National Education Policy, deliver impactful, experiential learning. We nurture growth and development, encouraging students to engage with the diverse facets of a holistic education.

Big Idea Factory (BIF)

BIF is a creative zone where dreams are encouraged, nurtured and cultivated with the possibility of giving shape to ideas and making them a reality.

Values & Mindfulness

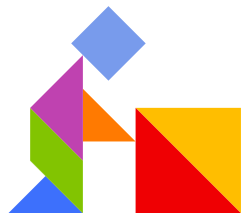

From inspirational story-telling and practices that teach our children age-old ethics to ongoing role-modelling, our deep values are the soul of our education.

Tech-enabled Smart Learning

With the finest digital infrastructure, interactive boards in every classroom, 3-D printer and robotics, the virtual space is here. We are one of select schools in the country that has an Atal Tinkering Lab, set up under the aegis of Niti Aayog.

Around The World

Active collaborations with the British Council, Youth for Understanding, Japan's JENESYS, Korean Culture Centre, and our partner schools in the UK, Germany, Poland, Uganda, South Korea open new worlds and cultures for our students.

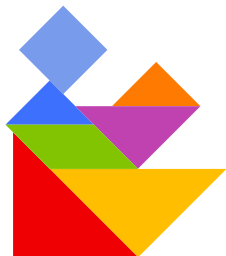

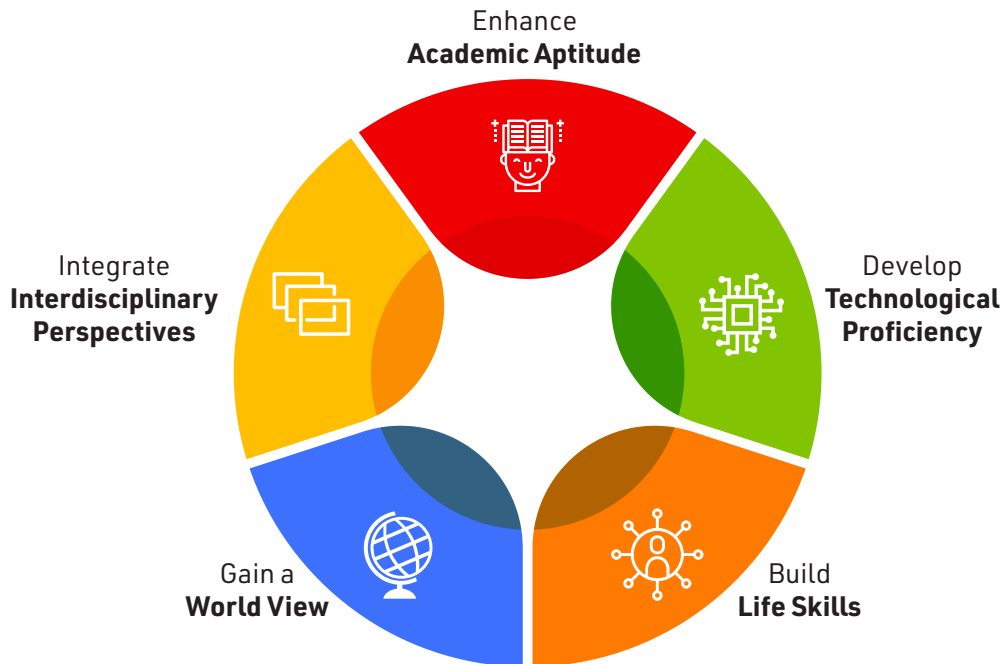

KIIT World School

THE LEARNING EXPERIENCE

A tradition of **transformational** and **mindful** learning lays the foundation for all-round excellence at school and university, and in life.

Your child's learning journey is designed to:
